Hi Molly-

I have a call from noon- 1 Alaska time that I need to take. The rest of my meetings I was able to move or can miss. The noon-1 meeting only partially conflicts with the schedule, so I don't think it will be an issue. It would be good to touch base for a few minutes before the meeting. Why don't you call me when you get a chance on Wednesday morning?
Patty

Hi Patty,

Ex. 6 - Personal Privacy this meeting is my next working day. I plan to get to the office early enough to quickly skim email before the meeting. However, I wanted to give you my personal cell phone number, so that if for some reason there is anything new I should know going into the meeting, you can call me at home next week. Ex. 6 - Personal Privacy If you think a quick "pre-game" chat would be helpful early Wednesday I could also do that.

Also, can you remind me of when you have conflicting meetings and will need to step out, so that I can look at the agenda and be prepared to speak for EPA during those portions? Otherwise, I plan to defer to you to speak for the agency.

Thanks,
Molly

All,

As I have heard from a few of you on availability, it appears the greatest participation will be on the 14th, so please plan on attending or calling in at 8 AM the 14th. We will meet at the same venue, Room 104 in the Atwood Conference Center.

Call in: Ex. 6 - Personal Privacy Access Code: Ex. 6 - Personal Privacy Security: Ex. 6 - Personal Privacy

Webinar: <https://www.teleconference.att.com/servlet/AWMlogin>

Meeting Number Ex. 6 - Personal Privacy
Code Ex. 6 - Personal Privacy

We are finalizing scoping materials and dates this week. it appears the meeting in Anchorage may be moving to the third week in April, but I will send the final schedule out once we have contacted communities and button up the logistics.

Shane

Subject: Cooperating Agency Start up.

All,

You have been identified as the point of contact for your agency as a cooperating agencies for the preparation of an EIS level of analysis for the Pebble Limited Partnership's proposed mine and associated components. If you cannot attend in person or via teleconference, please identify who will participate in your place.

Attached is a draft agenda for the CA meeting. This will need to be a very focused meeting. The Corps is anticipating a Notice of Intent for scoping to be published on the 16th of March. Scoping dates are tentative, and are working to finalize them early next week, but currently scoping will be April 1 to April 30. As it is right now scoping will take place in Anchorage on April 4, in King Salmon on the 9th, Nondalton on the 10th, Igiugig on the 11th, Iliamna on the 12th, Homer on the 16th, and Dillingham on the 18th

Attached is the draft schedule for the development of the EIS analysis, so we can discuss resource needs and critical paths.

The Scoping package is almost complete, and I will forward you a copy in the next couple of work days. The meeting will be on the 12, 13, 14, or 15th. Please indicate dates that will work for you/your agency.

If your agency has additional topics or comments, please send those no later than wed next week. I will send out location and teleconference details next week.

Shane
